

REMARKS

Applicants' attorney thanks the Examiner for the careful consideration given to this application.

The claims are amended herein to place them in condition for allowance in accordance with the indications of claim allowability in the Office action. This is summarized below.

Claim 1 has been amended to include the subject matter of claim 3, which was indicated to be allowable. Claim 3 is cancelled.

Claim 13 has been amended to include the subject matter indicated to be allowable in claim 15. More particularly, claim 15 was indicated to be allowable because the prior art of record does not teach or disclose an imaging method for nuclear magnetic resonance comprising reading the signal along a fractal space-filling trajectory during a data acquisition phase. By amendment of claim 13 to include pertinent recitations from claim 15, claim 13 is placed in condition for allowance.

New claim 16 presents the combined subject matter of claim 1 and claim 7. Claim 7 was indicated to be allowable.

Accordingly, claims 1, 2 and 4 - 16 are in condition for allowance and such action is requested.

If there are any fees required by this amendment not covered by an enclosed check, or if no check is enclosed, please charge the same to Deposit Account No. 16-0820, Order No. GIL-40598.

Respectfully submitted,

By:
